

How to submit an Annual Safety Report on SAGE

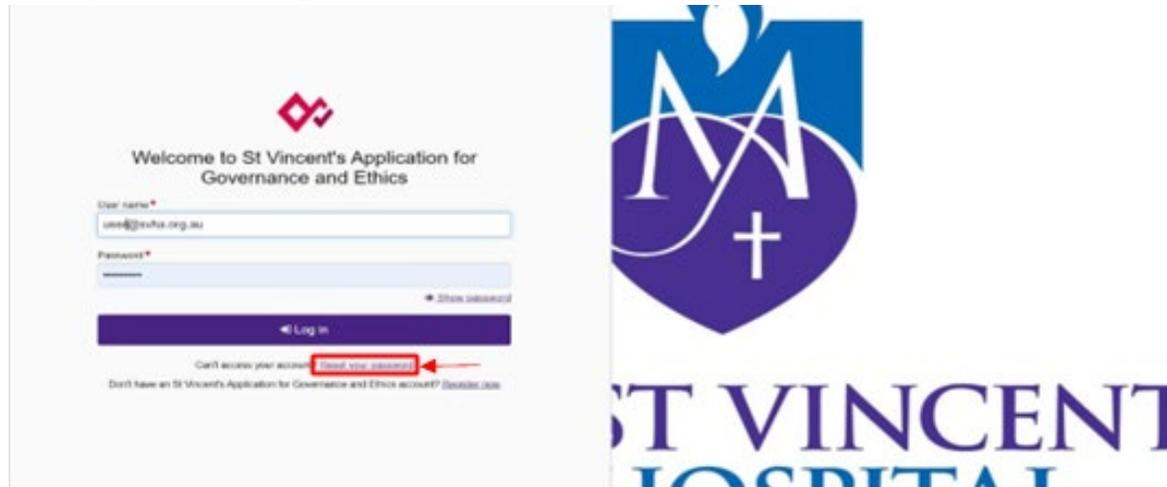

Overview

- Annual Safety Reports (ASR) are mandatory for **clinical trials** involving an investigational medicinal product or investigational medical device.
- This form should be used by the sponsor to provide the reviewing Human Research Ethics Committee (HREC) with a summary of the evolving safety profile of the project.
- The ASR is **due on the anniversary of the HREC Approval**. The completion and submission of an ASR are part of the conditions of HREC approval for all projects. For example, if a research project is approved by SVHM HREC on 2 July 2023, the first ASR will be due on 2 July 2024.
- The sponsor is responsible for reporting to the reviewing HREC, in accordance with Safety Monitoring and Reporting in Clinical Trials Involving Therapeutic Goods (NHMRC, 2016). **ONLY the Sponsor or CPI can sign-off and submit the ASR Form.**
- The ASRs are separate from the Annual Progress Reports, which are due on 1st May each year. For more information regarding the Annual Progress Reports, please refer to this [Annual Report Submission guide](#).
- For further information, please contact Reception on 03 9231 6970 or email SAE.ClinicalTrial@svha.org.au

3. Under **'Hierarchy'** please select the SVH Project.

The ASR is only relevant to the SVH Project – the ASR is an ethics requirement to be reviewed by the HREC; it is not a site-specific (RGO) requirement.

If SVHM is not the lead HREC, please submit the ASR to the appropriate lead HREC. However, after the lead HREC has acknowledged the ASR, you may choose to submit it under the Site branch for acknowledgement.

4. Click '+New form' and then 'Annual Safety Report'.
