

SAGE – How to Submit Applications using ERM forms

Ethics Submission on ERM is still required by Victorian Department of Health to meet reporting guidelines.

You may choose to complete the application forms on ERM OR on SAGE. However, SAGE will be used as the submission portal for ethics applications to SVHM HREC.

This guide provides a step-by-step instruction on how to submit your Ethics and Site applications using ERM form or the SAGE form.

Click onto each option below to find out how:

Please note that if you are submitting an ethics application and have not completed the SSA form at this submission stage, please reattach the HREA PDF copy in this section. Once project registration is completed, the Ethics and Governance Application will be submitted to RGU.

Once you have received ethics approval and are ready to submit the SSA form, you can upload the completed SSA on SAGE – [instructions here](#).

Submitting a New Governance Application

Option 2: Completing SSA Form on SAGE

Login to SAGE

Register a new Project (if ethics approved by external HREC), or locate the project on SAGE

- *If ethics has been approved by other HREC, please remember to upload the final ethics approval letter.*
 - Site details: Please list **EACH** SVHM Site at Part C, if any
 - Has SVHM SSA been submitted on ERM: **No**
*Are you submitting an SSA form generated from ERM?**
 - Yes
 - No
 - Once the project registration is complete, an SSA form will be generated on SAGE.
 - At SSA completion
 - Each nominated Head of Department (including the supporting department) will automatically receive an email for digital signature request. If you cannot find the delegate HoD, please notify research.directorate@svha.org.au .
 - After each Head of Department has signed off, SAGE will automatically send signature request via email to the PI for the final sign-off, before RGU can process the SSA application.
- If you need to send the submission to the sponsor on ERM, login to ERM (optional)
- see [how to Export XML file from SAGE](#) and upload to ERM,.
