Mission

Our health service is based on and driven by our quest for:
Compassion – Justice – Human Dignity – Excellence – Unity

Welcome to Caritas Christi Day Hospice

A day out and a day off

The Day Hospice provides day respite for people who are living in the community with a progressive life-threatening illness, but are well enough to enjoy a few hours away from home.

The Day Hospice also aims to support the families of our clients by providing them with a few hours' break from their role as carers.

The Day Hospice provides clients with enjoyment and social stimulation while also offering advice and support to enhance their quality of life.

Please note

The Day Hospice has limited access to emergency equipment. In the event of a medical emergency a staff member will stay with the client until an ambulance arrives.

About the Day Hospice

The Day Hospice is part of St Vincent's and is located at Caritas Christi Hospice in Kew. The Day Hospice overlooks a large garden.

The Day Hospice is open to clients from 10am until 3pm on Tuesday, Wednesday and Thursday.

We offer a social focus, provided in a safe, friendly and supportive environment.

Benefits to the clients and carers attending the Day Hospice are:

- 'A day out' giving the client an opportunity to participate in social activities and to mix with other people in similar situations
- 'A day off' to enable carers to continue work, social activities, interests or hobbies, or just enjoy some time out.

Experienced palliative care nurses and trained palliative care volunteers staff the Day Hospice and are committed to offering the best possible care.

If a client's illness stabilises and the services of the Day Hospice are no longer appropriate, discharge from the program will be discussed with both the client and their family to determine the most appropriate way to manage ongoing care needs.

Activities

The Day Hospice offers a range of activities for clients, understanding that a client's energy levels can vary. The activities are gentle and optional. They include massage, music, art, physiotherapy, games, celebrations, pet therapy, some gardening, guest speakers and discussion groups.

The Day Hospice has reclining chairs for our clients who may just like to rest.

We welcome new ideas for activities; if there is something you are interested in, please feel free to discuss your interests with the Day Hospice staff.

Fee

A gold coin donation would be appreciated for each Day Hospice visit.

Dietary needs

Please advise staff of any special dietary needs.

What to bring to the Day Hospice

- Any medication (including pain relief) you may need whilst at the Day Hospice. Staff do not administer medications, but will certainly assist
- All aids including spectacles, hearing aids, walking aids and continence aids if required
- Please bring an open mind, a sense of humour and any ideas for activities
