

St Vincent's

*Continuing the Mission of
the Sisters of Charity*

STV

St. Vincent's invites Division Two Registered Nurses to consider working with us.

- We will support Division Two Registered Nurses who are dedicated to providing the best possible health care.
- We embrace positive teamwork.
- Division Two Registered Nurses work in busy clinical areas as part of our experienced nursing teams.
- St. Vincent's actively supports extended scope of practice for the Division Two Registered Nurse.
- We encourage all Division Two Registered Nurses to work towards endorsement in medication administration.

St. Vincent's Division Two Registered Nurses are involved in:

- Quality activities
- Clinical committees
- Unit portfolio management
- Mentoring new staff

If you decide to join us, we are confident you will find nursing at St. Vincent's enjoyable and rewarding.

Benefits of being a St. Vincent's employee include:

- Salary packaging
- Staff health centre
- 24-hour staff gymnasium
- Free parking at St. George's, Caritas Christi and many other facilities
- Onsite parking St. Vincent's at competitive rates
- Professional training and education
- Support Team Action Response – mentoring after a significant event
- Childcare at the Early Learning Centre

Mission

*Our health service is based on and driven by our quest for:
Compassion – Justice – Human Dignity – Excellence – Unity*

If you decide to join us, we are confident you will find nursing at St. Vincent's enjoyable and rewarding.

Overview

St. Vincent's has a proud tradition, outstanding reputation, and is a high achiever in the provision of healthcare.

The Mission of the Sisters of Charity underpins the care and the culture of St. Vincent's and is supported by our values. The values of the Sisters of Charity are integral to the delivery of patient care: excellence, compassion, justice, unity and human dignity.

St. Vincent's provides an extensive range of adult health services in Victoria. These include specialist acute medical and surgical services, mental health, aged care, diagnostics, sub acute, community-based services, correctional health, palliative care and residential care.

Division Two Registered Nurses work in a wide variety of clinical areas including:

- Renal, neurology, stroke, endocrinology and dermatology
- Orthopaedic, rheumatology and endocrinology
- Medical assessment and planning unit
- Medical imaging
- St. Vincent's clinics
- Operating suite – anaesthetics/recovery
- Day procedure unit
- Adult mental health
- Rehabilitation units at both Fitzroy and Kew
- Geriatric evaluation and management at both Fitzroy and Kew
- Aged psychiatry inpatient unit – Normanby House
- Psychogeriatric nursing homes – Auburn House and Riverside House
- General nursing home – Cambridge House
- Correctional health – Port Phillip Prison, Marngoneet in Lara, Melbourne Remand Centre
- Palliative care – Caritas Christi Hospice
- Casual staffing unit

St. Vincent's fosters a supportive and friendly learning environment where nursing staff are encouraged to develop a comprehensive theoretical knowledge base. Nurses are mentored and are able to practise in a wide variety of clinical settings.

Educational programs offered include:

- Wound management
- Clinical skills workshops
- Diabetes
- Palliative care
- Infection control
- Care of the older person
- Falls prevention 'expo'
