TUESDAYS WITH NEXUS

Next Session- Date: Tuesday – 7 March 2023 30 mins

Topic: Eating disorders pathways to care

BETRS Team (Body Image & Eating Disorders Treatment & Recovery Service)
St Vincent's Hospital Melbourne

- Increased prevalence of EDs in young people (and at BETRS with adults) since COVID
- Early warning signs for health professionals to be aware of
- Referral options/pathways and importance of early intervention
- Lived experience perspective – navigating interactions with patients and supporting them to move forward with treatment
