## REPORTED ISSUES PERTAINING TO REFERRALS & ADMISSIONS

**Geelong** - Unchanged. Wait list approx 4weeks although achieving shorter wait times due to no shows.

**Bendigo**- Delay on admission 4 to line up with Rehab beds. COVID precautions continue Not accepting referrals from Metropolitan Melbourne or any hotspots.

**Windana** - 1. Windana clients wear masks in common areas.  
2. Clients have a temperature check on admission and are screened prior to coming in.  
3. No visits.  
4. COVID-19 testing required if they have symptoms prior to coming in.  
5. No osteo clinic available.  
6. Pre admissions are available at Windana weekly.  
7. No external outings other than walks.  
8. clients have their own room.

**Gippsland Central**- Covid testing 1 visitor per day 2.30-3.30 Mask requirements mask in all areas apart from private space Only accepting referrals where medical assisted w/d is required medical evidence of physical dependency that requires inpatient clinical intervention. Other referrals to be managed in the outpatient setting.

**Western Health** -4-5 week wait for admission. Current capacity remains at 8. Clients are Covid screened prior and on day of admission. A review by a member of the medical workforce is completed for anyone who presents with symptoms.

**Gippsland South** - No changes. We have admitted more clients recently due to more availability at Resi Rehab and also low surgical cases in Hospital making more beds available. We are funded for 1 bed.

**Turning Point**- Due to Covid bed capacity is 6 instead of 8.

**Monash**- 8 bed capacity. Require negative COVID result prior to admission. Masks to be worn in public areas. Waitlist 6 weeks currently.

**Uniting ReGen**- Curran Place is running to capacity - 16 beds. Clients with rehab places are given priority - wait list for all other clients remains at around 5-6 weeks. All clients to be COVID tested on arrival. All staff and residents wearing masks at all times.

**St Vincent's**- Nil change to admission procedure. Clients may have visits from Day 3 of admission (1 visitor, for up to 1 hour). Clients may go for a walk (1:1) with staff from Day 5. Masks are optional for clients.

**Bairnsdale** - 7 week wait list, 11 referrals for withdrawal bed received past 14 days. Covid testing residential rehab admissions. Complex polypharmacy presentations continue increased need for high quality assessments, excellent information and presentation from Rebecca Smyth and Goldie Nemirovsky streamlining the referrals experience.
