In response to the current Global Pandemic and the rapidly changing landscape of our work, we would like to invite you to join us to explore new ways of working with and supporting each other around the ever-changing environment. Our particular focus is on the challenges posed when Dual Diagnosis issues are present. ‘**Tuesdays with NEXUS**’ online session is an invitation to connect both professionally and socially to share.

The challenges we are facing
The successes we are having
The resources, tools and changes to our practices
(enabling us to support the clients and families we work with)

It’s a space to draw on the collective wisdom and creativity of others facing similar challenges as yourself in these unprecedented times. Sessions still run every week at the same time, same link on Tuesdays. Please feel free to contact us to request alternative times for your organisation. .

Past sessions and resources are available via the Nexus web site <https://www.svhm.org.au/nexus>
So if you want to connect, share and support each other please join us.
