These meetings were started in March 2020 in response to the current Global Pandemic and the rapidly changing landscape of our work. We explored new ways of working with and supporting each other around the ever-changing environment. Our particular focus was on the challenges posed when Dual Diagnosis issues are present. '**Tuesdays with NEXUS**' online session is an invitation to connect both professionally and socially to share.

The challenges we are facing

The successes we are having

The resources, tools and changes to our practices

(enabling us to support the clients/consumers and families we work with)

As of **February 2021** we will be holding sessions every 2nd week in 2021 at the same time, same link, on Tuesdays, with the focus being on the implications of the Royal Commission into Victoria's Mental Health System (RCVMHS, 2021) for various service sectors. (<https://rcvmhs.vic.gov.au/>)
