We are taking a break!

'**Tuesdays with NEXUS**' online sessions in 2021 have been focussed on the overview of the recommendations into the Royal Commission into Victoria's Mental Health System for the past few months. We have covered a variety of perspectives from consumers, the lived experience workforce, families and carers, alcohol and other drug sectors including addiction medicine, mental health and dual diagnosis, in relation to how the recommendations may impact different points of view. At this time many questions remain unanswered and are requiring further thought and direction from peak bodies. We will resume our

fortnightly sessions in July with the hope that we will have a better understanding of the next steps and can keep the community informed of new developments in this area.

Past sessions and resources are available via the Nexus web site <https://www.svhm.org.au/nexus>

Tuesdays with NEXUS online session is an invitation to connect both professionally and socially to share.

The challenges we are facing

The successes we are having

The resources, tools and changes to our practices

(enabling us to support the clients/consumers and families we work with)
