

Basic Physician Training

(MEDICAL PROGRAM)

St Vincent's Hospital Melbourne is accredited by the RACP as part of the Compass 6 Consortium for Basic Physician Training. As a BPT at St Vincent's Hospital Melbourne you will be part of an active and well supported program that offers:

- a range of tutorials,
- lectures,
- mentoring programs,
- study groups, and
- intensive preparation for both written and oral RACP exams.

The successes of our BPTs and our training program has seen St Vincent's Hospital Melbourne gain a reputation as a highly successful physician training program in Australia for over 20 years.

A comprehensive range of sub-specialty rotations are on offer as well as individualised career and training support. We further assist you with your career pathway choices by ensuring you receive a roster in your early postgraduate years that provides you with a wide exposure to general and sub-specialty medicine.

All of our BPT positions are filled by the Allocation and Placement Service (APS) through the Postgraduate Medical Council of Victoria (PMCV). All applications must be made through both St Vincent's Hospital Melbourne and the PMCV.

The below rotations are indicative of the experience on offer at SVHM, however may be subject to change.
