## St. Vincent's Mental Health Service & The University of Melbourne

St Vincent's Mental Health Service (SVMHS), a WHO Collaborating Centre for Research and Training in Mental Health is a comprehensive, fully integrated area mental health service with well-developed educational, training, clinical and research programs. St. Vincent's is also a teaching service of the University of Melbourne Department of Psychiatry.

The University of Melbourne, a leading institution in teaching and education, has developed extensive links internationally, particularly with countries in Asia. Over many years, SVMHS and The University of Melbourne Department of Psychiatry and Centre for International Mental Health have hosted many international academics, clinicians and trainees for various training attachments.
